

# Classic Sno-Machines Newsletter

You may have noticed that this is a double issue, in an effort to catch up I decided to make this one a double - this will also provide better photo coverage as well. I am working on the next issue already. So much to do in summer – so little time.

## CSM Club Update

Summer is a busy time for CSM We just finished the summer show now it time to work on the Rally. For those of you who didn't see our post on the website [www.classicsnomachines.com](http://www.classicsnomachines.com) after 6 year hiatus we will be returning to where it all began, St Anna Mn! That's right the 18th Annual Rally we be Saturday Feb. 20th at the "Landing" Event Center in St Anna, MN. This facility will provide us with ample space for our event. And the best part...it's on a lake! We are still working out the details but there will be a formal trail ride from a starting point to be announced later and then back to the Landing. For those of you who have been there before it will be like the good old days. This year's feature is Skiroule and Brut. Clothing is already available. If interested email me [starcraft4404@aol.com](mailto:starcraft4404@aol.com) or call 320-685-9874 We also still have a few "Summer Sucks" t-shirts in black left.

We are looking for pictures of your rides to post on the website. Here is a chance for you to get your pride and joy out there for everyone to see. Just send a electronic image to me and we will get it posted. We would like to post a different sled each week. What do you have? Lets see them!

Well time to get back to work on my new secret project which should be ready by the Rally. It's a.....

Allen Theisen

This photo was sent to me by a club member, Can anyone tell me when this was taken, where, and who these people may be? Cale probable has this sled in his collection, I can't tell from the B&W photo if the tunnel is polished? This is an inside joke for those who know Cale.
