CSM 2005 Rally Recap

Well.....What can you say about the 2005 Rally, It was interesting! Temps in the 50s for days, Last minute decision to use the muddy road, New location and no ride made for a tough Rally. I was more than once why the Rally was not at St. Anna and rather than get into that here if you really want to know give me a Call at: 320-685-9874. In spite of all of the situations we had to deal with we still had 73 show sleds. Big thanks to every one of you that did bring a sled or two especially Jack Speckel, the Swansons, Tom Ische, Al Bruggenthies, and everyone who pulled and carried many awesome sleds through the mud. And a big hand to people that brought the Mercury's for our feature sled category.

This year's raffle sled winner was John Hanson of Evansville, MN. If you remember we raffled a 1972 Ski-Doo 340 TNT - Thanks to all who purchased raffle tickets. Should we do that again next year? Let me know what you think. "Best of show" went to Tom Ische with his beautiful 1970 Arctic Cat Panther 634. We sold about half of the clothing - Let me know if anyone would like to purchase clothing items, we will also have the clothing for sale at the 2005 summer show in Cold Spring, MN. Thanks to everyone who helped judge - I think it went pretty well.

I would like to hear from the membership as far as the location for the 2006 Rally, Some feedback I have already received is "vintage only", "on a lake", "closer to a town", and "no muddy road" We at CSM have no barriers or preconceived notions about the 2006

Tom Ische receiving the "Best of show" cup from one of the founders of CSM, Vern Sauer.

Due to camera issues we do not have any photos from the show field, this is probably a good thing anyway - I would have much rather taken photos of all those nice machines sitting on snow instead of the mud, ice and water that was the show field.

The "Best of show" voting was very close
