## 2007 CSM Rally and Show Recap

The 15th annual Classic Sno-machines rally was held Sat Feb 10th 2007 at Goat Ropers bar and grill located in Farming, Mn. The temperature was a chilly -21 when we arrived to set up for the show, it was cold but that didn't stop 300+ people with 138 machines from coming to the event. Feature sleds this year were Massey Ferguson and John Deere – we had a strong turnout in the John Deere class, survivor class is also becoming very popular with many great entries as well. Several people did bring their winning sleds from the 14th annual rally to be proudly displayed in the winner's circle. This event also included a "Loudest sled" contest for the first time – this generated a lot of interest along with a lot of noise! Mike Sobieck was the overall winner with a mint restored 1973 Polaris Starfire 650, a big thanks to Jack and Kevin for helping with this contest and providing the sound meter. Live and silent auctions were going on all day with many very nice items available to bid on including a vintage racing print, pedal tractor, and many other vintage snowmobile parts and miscellaneous items. Mike and Judy Maegher from VSCA were there with the Hetteen cup he won the week before at Glenwood vintage racing event. Best vintage dressed was once again won by a participant in vintage "Cat" gear. Unfortunately the lack of snow forced cancellation of trail ride, many people were willing to ride anyway but the trail looked a bit too rough with about 1" of snow. The big winner of the best of show went to Chuck Moser with an awesome restored John Deere 340s. The feature for the 2008 Rally was announced, this will be "Hirth Power" focusing on the 650 and 793 models but including any machine that is Hirth powered.

Overall the 15th annual went well considering the weather was once again a major factor, Thanks to all of the CSM sponsors, Goat Ropers bar and grill, Mike Meagher and VSCA, and last but not least all of the participants for bringing and showing their machines.
